The Unitary Authority is not on tonight's agenda as until the government release its White Paper in October there is nothing for Cllrs to comment on

The Clerk circulated her report prior to the meeting. The main points to note were that the Clerk has a significant workload and has been working 3 days a week rather than her contracted 2. Going forth she is unable to work more than her 60hrs a month/full 2 days a week. The Clerk's work hours going forth are Monday, Thursday, Thursday and Friday mornings.

It was noted that the Covid-19 mobile testing unit at Torrington lodge carpark would remain in place from Sunday 6th – 19th September 2020. It is there due to Public Health England requesting a mobile testing unit to be put in place due to the increase in Covid-19 cases within the borough.

The Chairman and the Clerk attended a meeting with Liz Shakiri, SCC Highways Officer on the 14th September to discuss several highway matters which had been raised at the HT&E Committee. - Footbridge on the Old Claygate Lane Footpath has been washed out of position. Volunteers gathering for 26th September to move the bridge back into its place. Clerk is arranging for Gerald Abraham to then fix back in place. A budget of up to £1000 was confirmed at the HT&E Committee 3rd September.

67/14. To receive a report back on appointing Councillors as representatives to external organisations in Claygate and decide any actions arising.

The Clerk circulated a report from the Chairman to Cllrs ahead of the meeting. It stated that the CPC had received advice and additionally requested a copy of the Constitutions of the 3 organisations involved: - the CVA, CVHA and CRGT.

The Chairman clarified that on further assessment it is clear that CPC does not appoint a trustee to the CVA. The CPC role with the CVA is a CVA liaison.

The advice from SSALC was as follows: -

- It is very common for Councils to have representation on outside bodies as mentioned.
- It is generally accepted that councils do not have enough members to sit on every organisation in the parish. It must be selective and will have a representative on those that most benefit the community or where the Council has some specific interest.
- Check that your members have not been registered as Trustees - there is often confusion as to the difference. A trustee has an overriding duty to the trust and is key player in any decision making. As a representative, rather than trustee, a Parish Councillor provides the role as a conduit of sharing

information between the organisation and the Council. They should play no part in any decision making within that organisation.

- Members can participate in discussions but must be careful that they only represent the Council's views as they are at the table by virtue of the Council's appointment. They should not express personal views as they may need to consider the matter in Council without bias. If they do express personal views, then they should make this clear.
- They do not have voting rights – they are representing the Council and the Council would not have a right to vote.
- As to sitting on sub-committees of the organisation given the above what is the benefit- is it serving the purpose of their appointment by the Council which is to be a conduit between organisations?
- It is recommended that a Councillor declare an interest on any item involving the organisation to demonstrate openness and accountability.
- It is recommended that the applicant make representations at a relevant council meeting, this would include organisations on which your members 'sit' rather than the member representative speaking on behalf of the organisation.
- A member can sit on any organisation in their own right but be cautious about becoming a trustee as trustees have an overriding duty to the Trust and hence this could bring into question the integrity of their vote in Council on any matter affecting the Trust. The law does not prohibit members being trustees and they can normally participate and vote. However, it is about public perception and confidence in the Council's decision making process.

The advice from EBC was as follows: -

- Advised that this is best channelled through NALC (National Association of Local Councils) or any regional branch, as sector specialism would be appropriate.
- In the absence of any authoritative view coming forward from NALC, then it is a matter for Claygate Parish to decide how best to spread its thin resource across several deserving groups. That will mean looking at the selection criteria provided by the external body and the Parish Council's own skills and suitability.

Cllr Marques, Cllr Wang, EBC Cllr Rollings and John Bamford all shared their views on the subject. Cllr Marques cited that when he was a Trustee for the CRGT and a Cllr he did find his position difficult due to conflicting requirements of each role. It was agreed that these organisations are fundamental to Claygate and that the CPC must have active participation but not to the point of any potential conflict of interest.

It was **unanimously** agreed that CPC should appoint representatives to the CRGT and CVHA not as trustees but purely as a conduit for sharing information per the advice from SSALC. It was also agreed that the Chairman would discuss with the CVA whether they see a role for a CPC CVA liaison and how it could work

AP51 Cllr Sugden to speak to CVA about a liaison role.

AP52 Clerk to write to CRGT and CVHA to confirm that they are happy to have a CPC representative & for that representative to be in place following the next CPC meeting on the 19th November.
